Barton Creek gives great care

Editor:

It is my desire to let everyone know about a wonderful Assisted Living Center that is right here in Bountiful. Barton Creek was the center I chose to place my mom who could no longer live alone. It was a delightful decision. Not only did they take care of my mom and meet all of her needs and

wishes, but the staff and residents became part of my life, my family.

I cannot describe the peace and confidence I felt knowing she was there and she was loved by those attending to her. It is my wish to personally thank all of the staff and residents for their love, friendship and care.

Please know that you CAN place a loved one in Barton Creek and have full confidence that they will be cared for as you would care for them.

P.S. The food is great!
