South Davis County Realtor Association Taps Local Community Hospital for Charity Event

BOUNTIFUL, Utah, *August 28, 2009* –

South Davis County Realtor Association held its First Annual Charity Golf Tournament to benefit the pediatric unit of South Davis Community Hospital (SDCH). The event was held at beautiful Bountiful Ridge Golf Course on Wednesday, August 26, 2009 with 96 golfers participating. The golfers, sponsors, and associates of the realtor association donated over \$9,000 for the hospital.

Annie Hedberg, of Prudential Utah Real Estate in Bountiful, organized the event in conjunction with members of the local realtor association in South Davis County. Having experience with caring for her daughter Kailee, who suffered a tragic accident which required extensive medical care, this cause is especially close to her heart. "I was fortunate to have the means to care for my daughter for four years before she passed away from the complications due to her injury. Many of the children at SDCH do not always have direct family involvement. South Davis Community Hospital is a non-profit, independent corporation providing specialty care to kids of all ages, and we wanted to help the children in need."

"We are honored and humbled that the realtor association selected South Davis Community Hospital as their annual charity" stated David Bland, CEO of the hospital. "It is truly a privilege for me to be a part of a team that is so passionately driven by the mission to care for these kids with complex medical conditions" added Nancy Murphy, M.D., Director of SDCH Pediatric Transitional Care Program.

For more information about South Davis Community Hospital and the specialty care they provide, visit www.sdch.com.
