**Flip's Gymnastics of Bountiful  
Selects SDCH for Holiday Charity Event**

BOUNTIFUL, Utah, *December 2009* –

The managers, coaches and staff of Flip's Gymnastics in Bountiful, Utah selected South Davis Community Hospital (SDCH) charitable foundation as the benefactor of their annual holiday charity fund raising efforts for Christmas 2009. Tricia Baker, overseeing the fund raising event, organized the children that attend the gym into three teams of preschool, school age, and team/tumbling groups. Each team helped raise funds and donated toys and gifts to provide a holiday gift to each patient at SDCH. The gymnastics team "wanted to give back in our own community and to help the children and patients at SDCH to have a happy holiday season." It was a wonderful experience for the kids at the gym to learn about SDCH, our pediatrics unit, and to discover the joy that charitable giving provides – plus they all won a party for their teams!

Thanks to the generosity of the kids, their families and the staff of Flip's Gymnastics, they raised over \$1,000 in cash and gifts for SDCH. We are grateful that Flip's selected SDCH and we appreciate their selfless act of giving in order to meet the needs of others and to help bring the joy of the season to our patients.
